

Android Tablet Safety

Controls & settings guide

Creating restricted profiles limits the access your children have to content on Android Tablets and restricts in-app purchasing.

1 Go to the tablet home screen

2 Swipe down from the top of the screen to see the settings panel

Select the cog icon in the top right corner to open the settings menu.

3 Scroll down and select 'users'

4 Add new 'Restricted User'

5 Create a screen lock and password

6 Select the password style

7 Choose the profile name

8 Go back in the users menu panel

Select the new restricted user and select all the apps you want restricted access too.

9

You now need a password every time you log in

You'll now need a password every time you want to log into the unrestricted user so the child can't access restricted content.
