

# **Bt Broadband Parental Controls**Controls & settings guide

BT Parental Controls allows you to restrict certain types of websites on all devices connected to the BT Smart Hub and when connected to a UK BT Wi-Fi hotspot using a BT ID. There are a range of filters to choose from to block content and usage.

### Log in

Go to MyBT and log in using your BT ID and Password. If you haven't got an account click the 'Sign up' button.

## Scroll down to 'Use your extras, at no extra cost'

Then click 'Manage your extras'

#### 3 Click 'Setup BT Parental Controls'

#### 4 Activate BT Parental Controls

You will then see a page telling you that BT are activating your Parental Controls. You will be activated with the 'light' filter setting. Setup may take up to 2 hours.

#### 5 Change your filters

Once activated, you will then be able to change your filter level to suit your family. You can choose from a range of filters such as **Strict**, **Moderate** and **Light**. There is also the ability to block individual categories or sites.

To help balance screen time, there is a **Homework Time setting** as well. It can block social media, gaming and homework cheat sites at certain times.
