

Giffgaff Safety Controls & settings guide

All Pay As You Go GiffGaff mobiles block adult content automatically but if your child has Pay Monthly contract then you can choose to block adult content when their smartphone is not connected to the WiFi.

1 How to check GiffGaff's content block

To turn off the content block you will need to provide proof that you are over 18s. This could be:

Passport

Provisional British-driven licence

This is the only way this blocker can be removed. You will need to restart the device if it was running as we speak.
