Disney Plus Parental Controls Guide

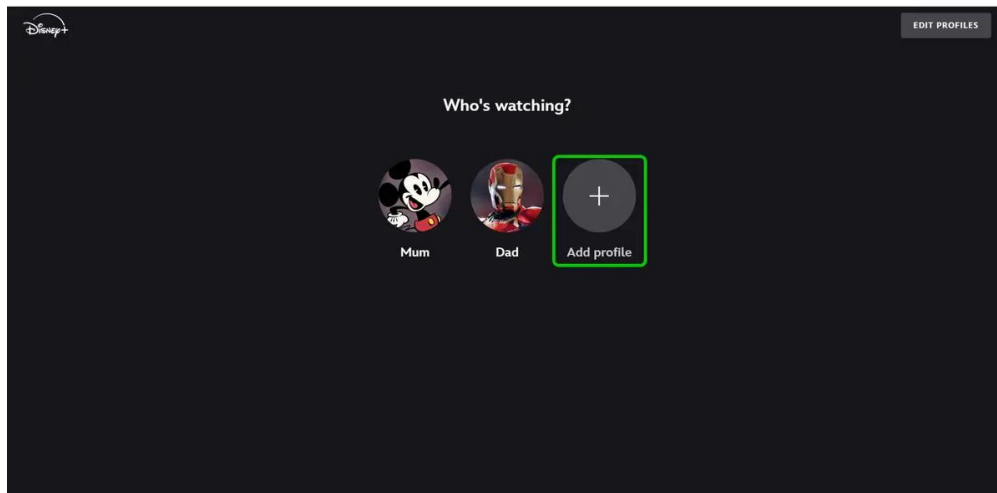

Controls & settings guide

Disney+ parental controls help you keep your family watching content appropriate for them. Every family can customise the parental control tools to meet their needs.

1 How to create a Junior mode profile

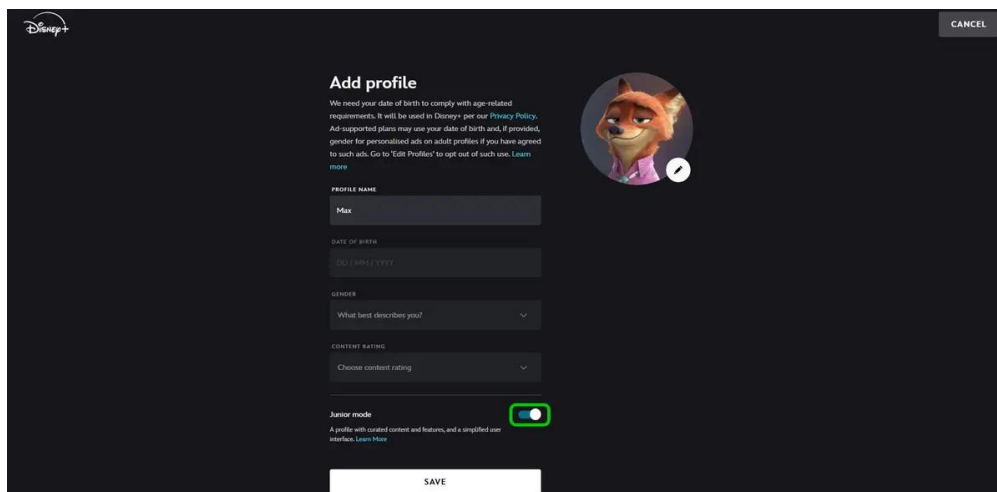

Step 1 – Login to **Disney Plus**.

Step 2 – On the profile selection screen, choose **Add Profile**.

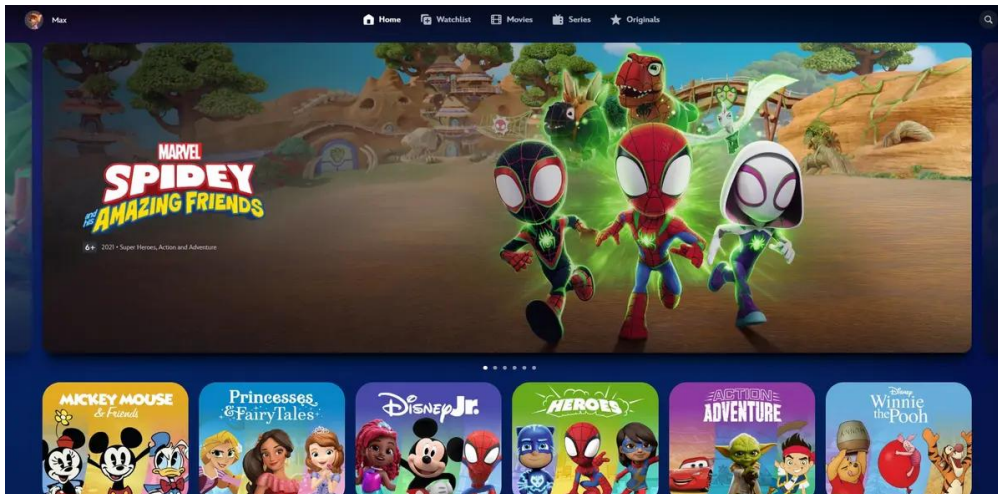

Step 3 – Enter your child's details.

Step 4 – Switch on the toggle next to **Junior mode**.

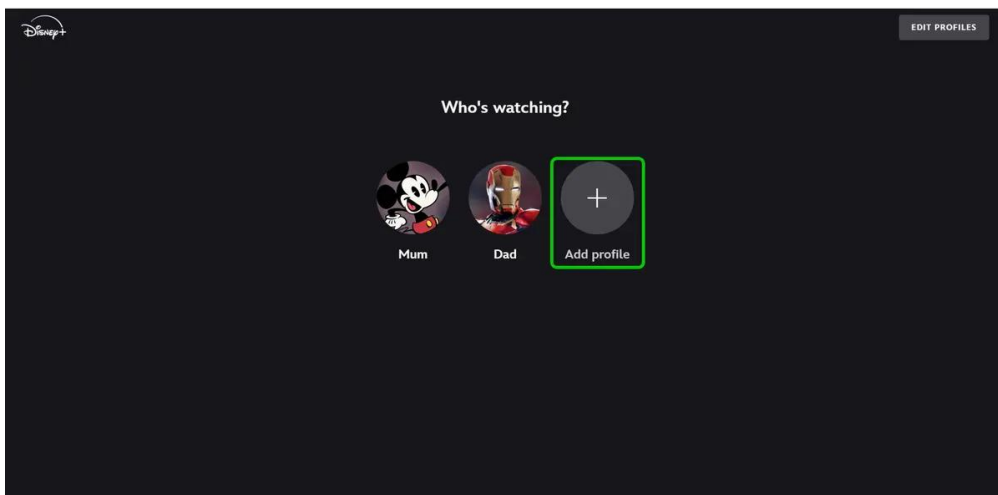

Your child will now have access to Disney Plus Junior, which only features content appropriate for young children.

2 How to set a maturity level

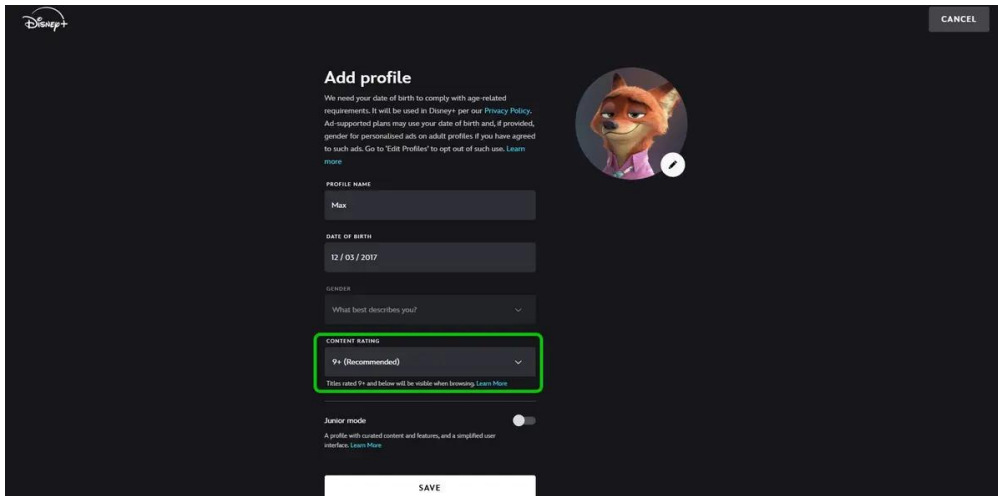

Step 1 – Login to **Disney Plus**.

Step 2 – On the profile selection screen, choose **Add Profile**.

Step 3 – Enter your child's details.

Step 4 – Select **CONTENT RATING** to edit the age rating of content that will be visible to this account.

Step 4 – Select the age that best suits your child. Disney Plus will recommend an age level based off the date of birth you inputted.
