

Bbc Iplayer Safety Guide

Controls & settings guide

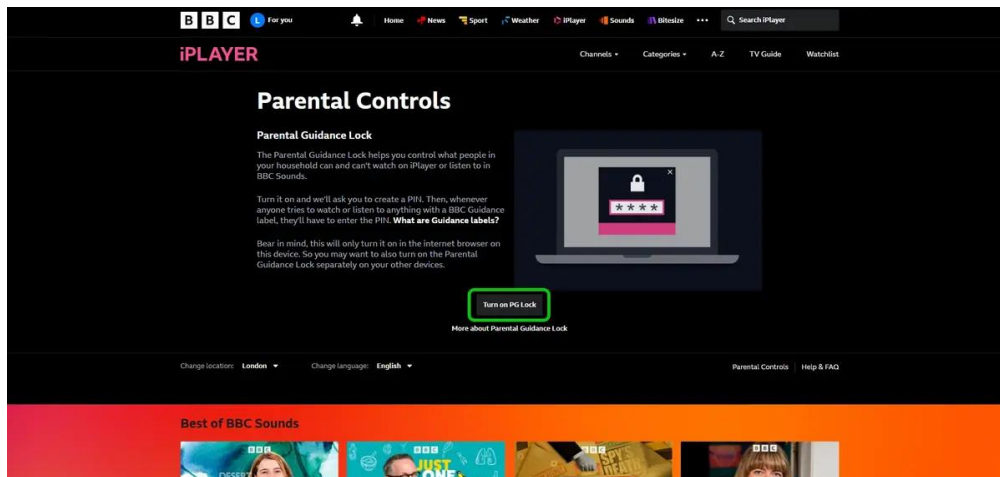

The Parental Guidance Lock is a safeguard to help you control which BBC audio and video content online that your children can listen to or watch. Alternatively, there is also a BBC iPlayer Kids app featuring tailored content for kids. We have created step-by-step guidance to help you set it up.

1 Enabling PG Lock

Step 1 – Scroll to the bottom of the iPlayer homepage and select **Parental Controls**.

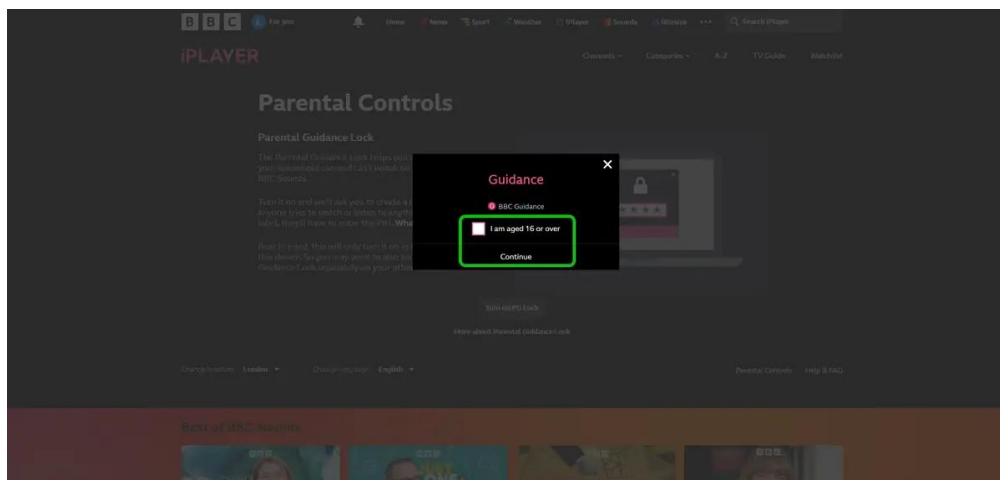

Step 2 – On the Parental Controls page, select **Turn on PG Lock**.

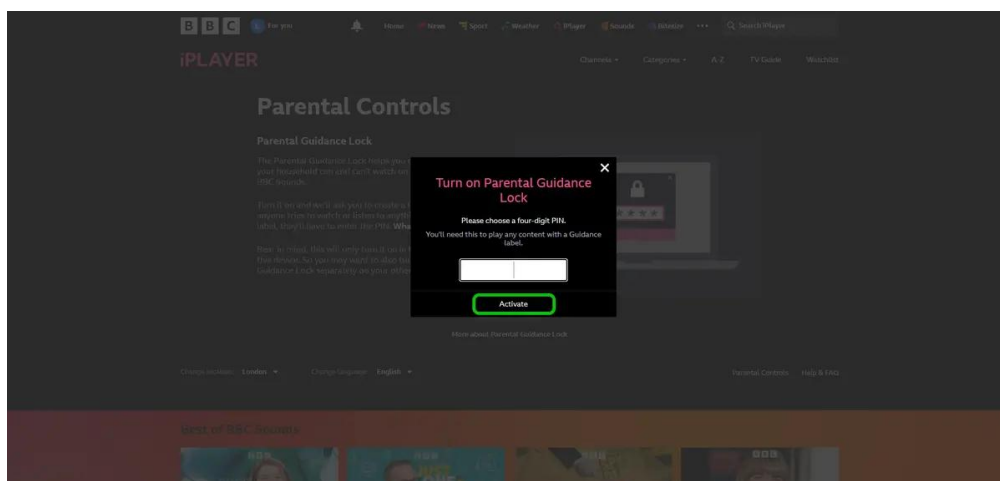

Step 3 – Check the box marked **I am aged 16 or over**.

Step 4 – Click **Continue**.

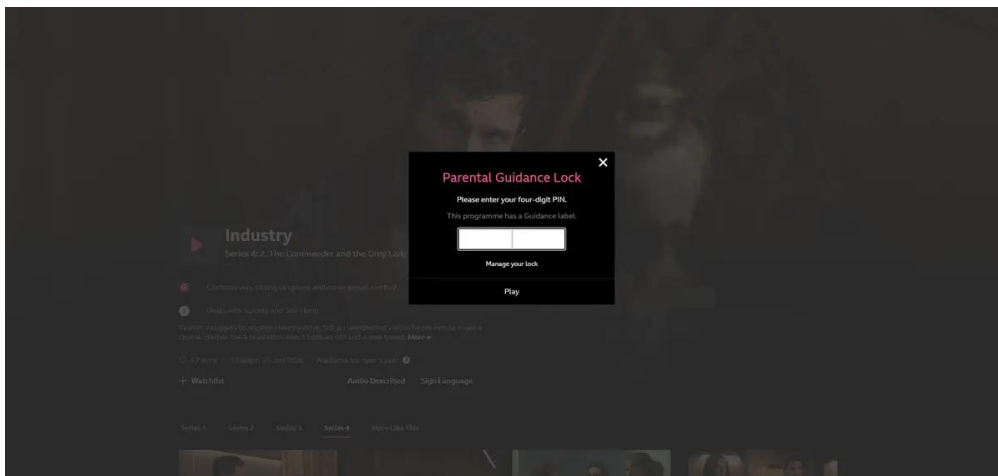

Step 5 – Choose a **4 digit PIN**.

Step 6 – Click **Activate**.

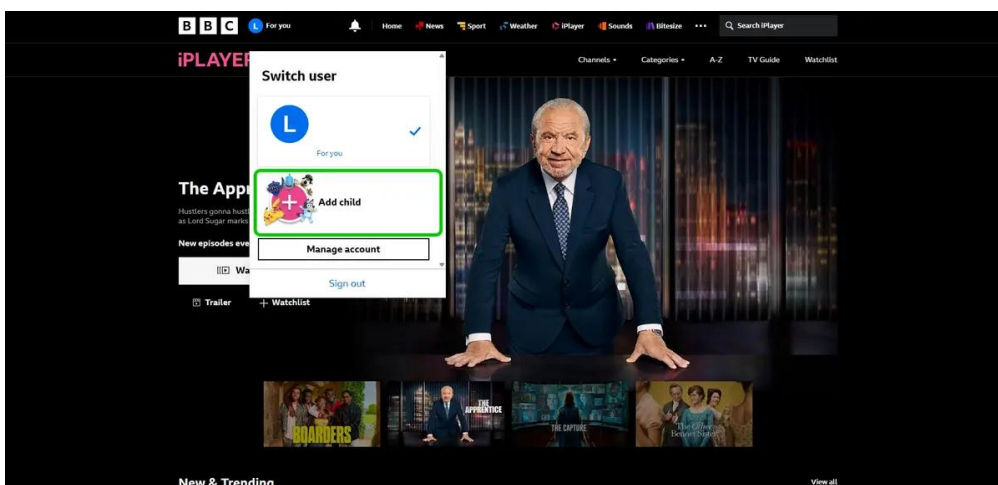

When anyone tries to watch content marked with a 'Guidance' label, it will ask for the PIN to be input before the content can be viewed.

2 Creating a child account

Step 1 – From the iPlayer homepage, select **For You**.

Step 2 – Select **Add child**.

Step 3 – Input your child's details.

Step 4 – Click **Create profile**.

BBC

Add child profile

Display name

Date of birth
For example, 03/2002

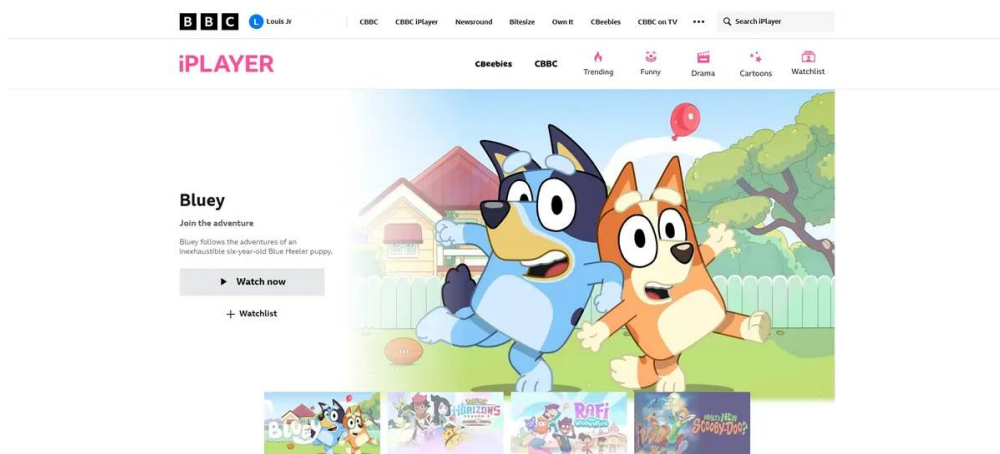

Month Year

What's this for?

By continuing, you accept our [Terms of Use](#)

Create profile

Your child will now be able use iPlayer while only having access to child-appropriate content.

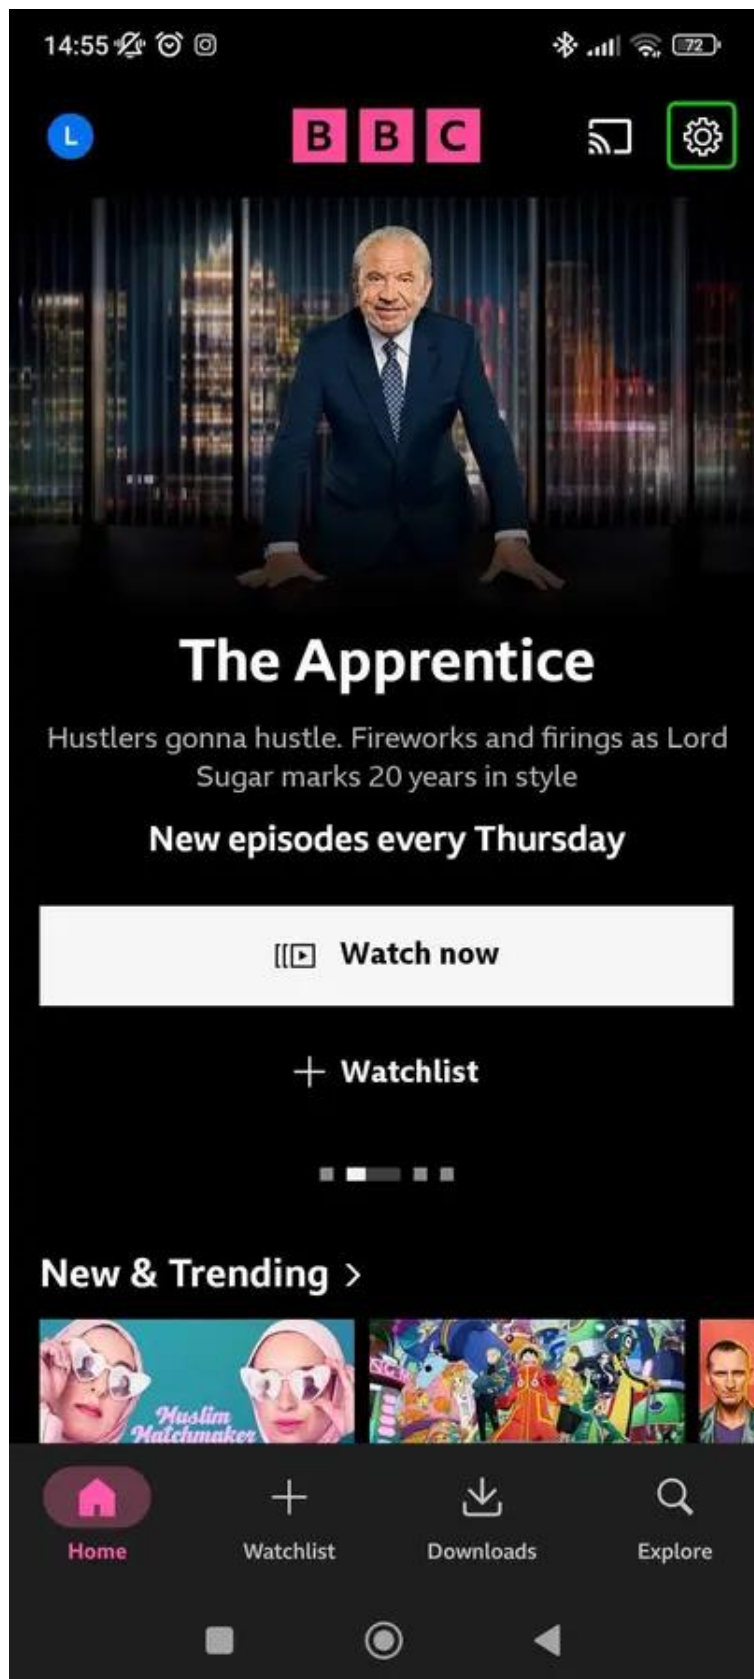

3 Enabling parental controls on app

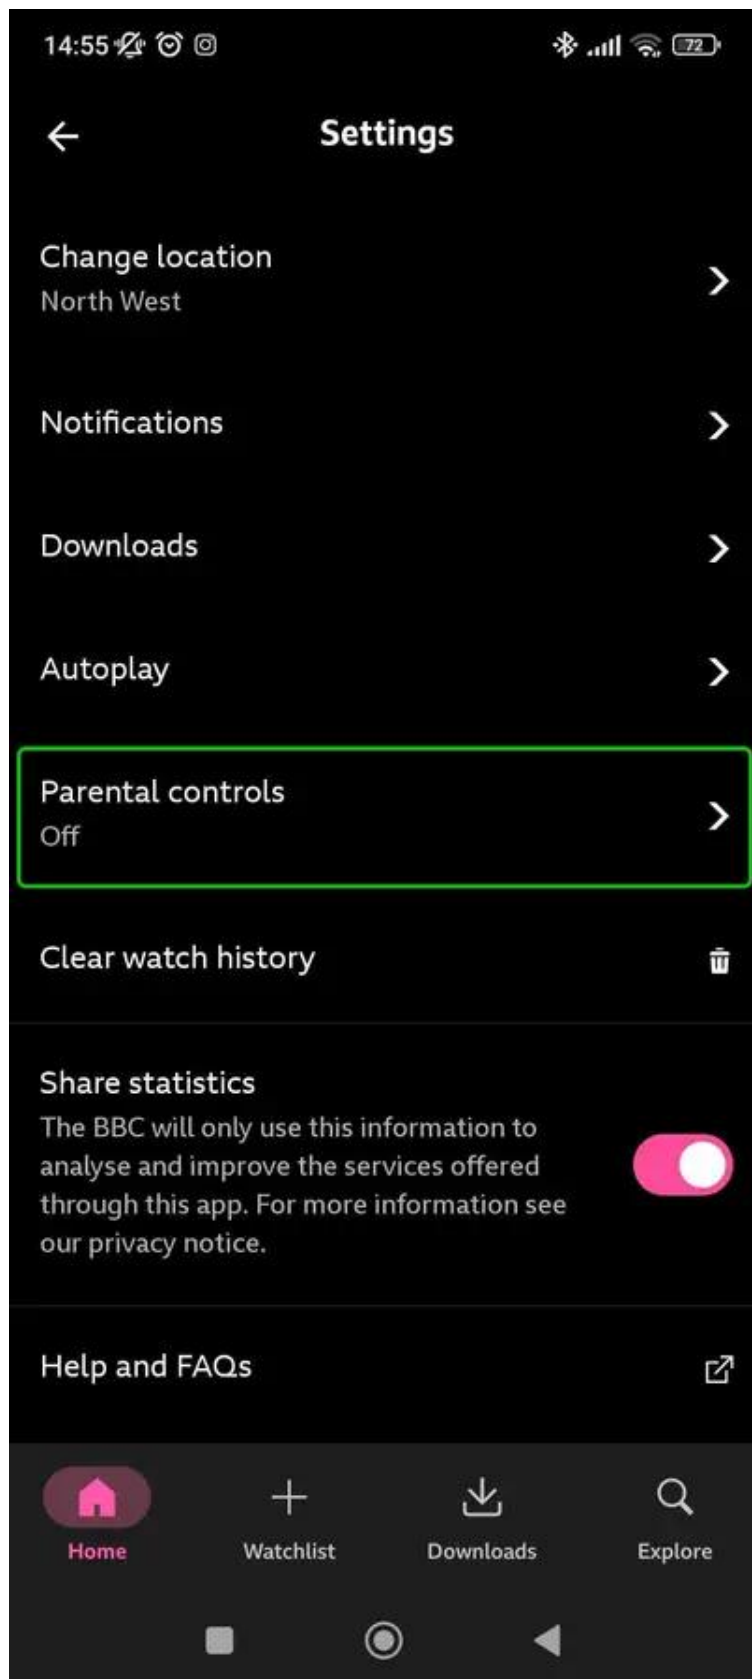

Step 1 – From the iPlayer app homepage, select the **gear icon** in the top right.

Step 2 – Within the settings, select **Parental controls**.

<?xml encoding="UTF-8">

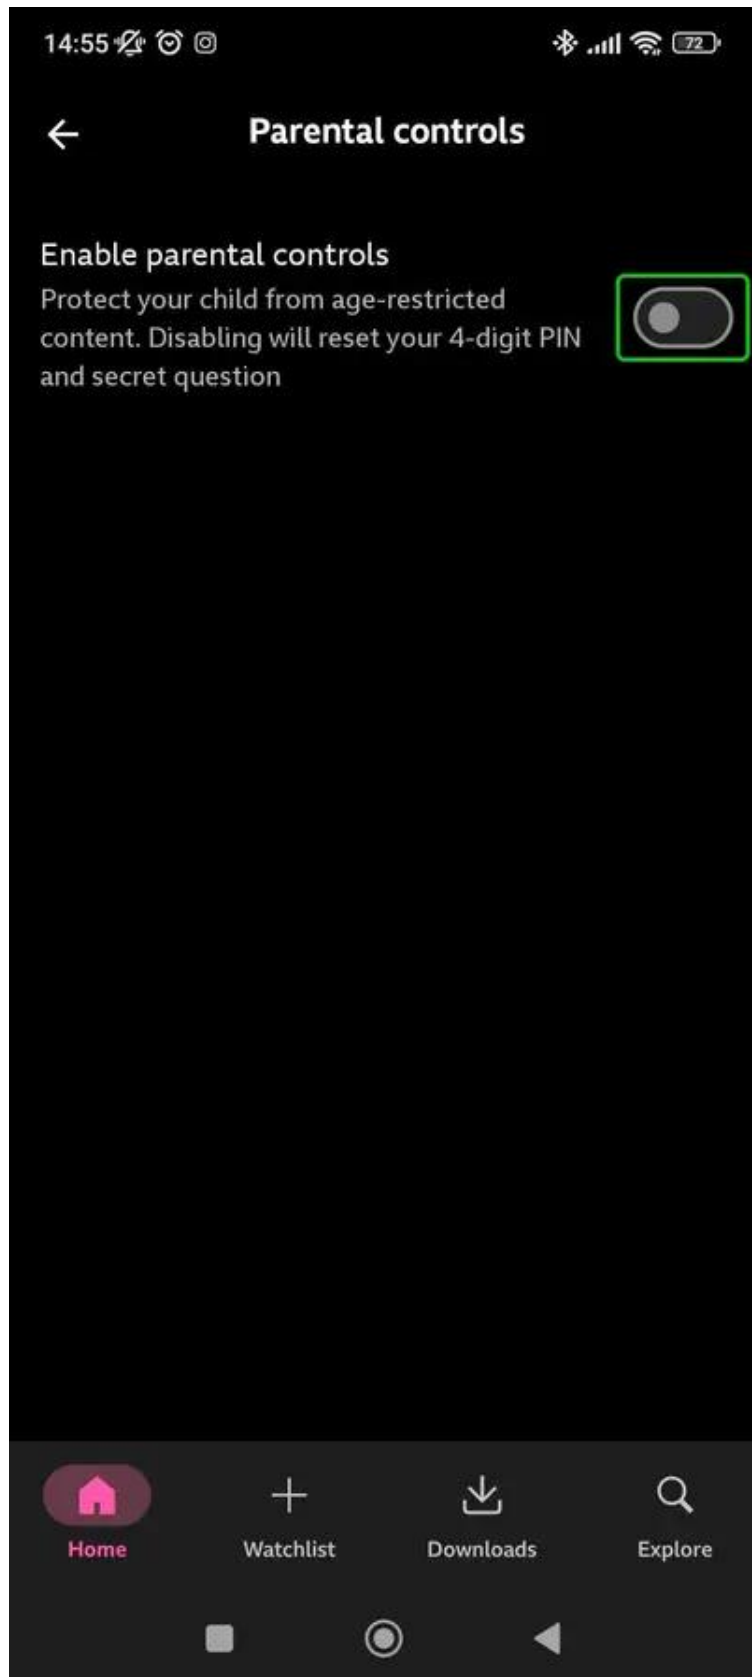

<?xml encoding="UTF-8">

Step 3 – In the Parental controls menu, **switch on the toggle** and fill in security questions.

Step 4 – Use the toggles to manage parental controls.
