Fortnite Parental Controls

Controls & Settings guide

If your child loves gaming, there's a chance you've heard of Fortnite. Fortnite offers a range of parental controls on your smart device such as your iPhone or iPad, to help you control what a player can see and do within the game.

FORTNITE

What do I need?

The Fortnite app and a smart device

Restrictions you can apply

Chatting

Inappropriate content

Mobile devices

Parental control

How to guide

1. **Turn on or off private mode**

   While in a party with friends or when teamed up with random players during a match, a text chat channel becomes available. This setting controls whether or not this account can hear receive or send messages in the text chat channel

   Get to the menu by tapping the cog in the top-right hand corner. Tap 'Party Privacy' then choose either Public, Friends only or Private.

   1

2. Report player

Get to the menu by tapping the cog in the top-right hand corner then tap 'Report Player'. Enter the details by clicking on the tabs, and choose the appropriate action then follow the online instructions.
