Parental controls guide
Netflix parental controls guide

Parental Controls information

Type of guide
Entertainment & Search engines

Features and Benefits
Netflix's parental controls help our members discover content that the whole family can enjoy. Every family can customise the parental control tools to meet their needs.

What specific content can I restrict?

- Inappropriate content
- Media streaming
- Parental control

What do I need?
Access to a computer and a Netflix account (Email and Password).
These steps were recreated using a browser from a phone device. Tap “Sign in” in the top-right hand corner and enter your login details.

Charlie
PG and below
Set a maturity level to a specific profile. Scroll down to “Profile & Parental Controls” and tap the arrow on whichever profile you want to update and tap “Change”. Then tap “Change” next to Viewing Restrictions.
You will be prompted to enter your account password. Afterwards, set the maturity level by selecting your preferred level.
Step by step guide

Restrict specific titles You can specify individual titles that require the PIN to start playback regardless of maturity rating. In the search field – start typing the name, then select the programme or film name you want to restrict then tap “Save”.

Profile Hub In the profile hub, you can access and adjust content settings, adjust playback settings, and have visibility into the viewing history of each profile. Viewing Restrictions ensure only content from selected maturity ratings are visible. You can also prevent individual titles from playing in the profile. Viewing Activity will show you all of the titles that were streamed in a child’s profile and when. Playback Settings enable limitations on content auto-playing.
