Step by Step instructions

1. Go to the F-Secure section of the mobile section on the [website](#) and click on 'try it now'. Then follow the steps to register for free.

The screenshot shows the Virgin Mobile website's mobile section. At the top, there is a navigation bar with links for 'For the home', 'For business', 'Expanding our network', 'My Virgin Media', and 'Help'. Below this is a secondary navigation bar with 'Bundles', 'Broadband', 'TV', 'Phone', 'Mobile', and 'What to watch'. A cookie consent banner is visible below the navigation. The main content area features a heading 'Why you'll love Virgin Mobile' followed by a paragraph. Below this is a red banner with five icons and their corresponding benefits: 'Data Rollover: keep unused data', 'Data-free messaging on WhatsApp, Facebook Messenger and Twitter', 'Change your 4G plan up or down every month', 'F-Secure SAFE internet security free for 12 months', and 'Add great value phone insurance'. The central focus is the F-Secure SAFE logo and text: 'Award-winning internet security with Virgin Mobile'. Below this is the text 'Stay secure online with F-Secure SAFE' and a paragraph describing the service. A prominent red button says 'Try now for free' with 'No upfront payment' underneath. At the bottom, there are buttons for 'Download on the App Store' and 'GET IT ON Google play'.

No upfront payment

Download on the App Store GET IT ON Google play

2. Once you have registered you'll be able to do download the f-secure app onto your device.

3. Chose whose device you would like to protect.

4. Choose which device you would like to set it up on.

The screenshot displays the 'My F-Secure' user interface. At the top, the user is logged in as 'Kyleigh Cosack' with a 'Log out' option. A notification bar indicates the subscription is valid until 29/11/2018, with 364 days and 5 licenses left, and a 'Renew now' button. The main content area is a modal window titled 'Add device' with a close button. Inside, the heading is 'Choose device type'. Three options are listed: 'This computer' (Windows), 'Another computer' (Windows | Mac), and 'Phone' (Android | iPhone | Windows Phone). The 'This computer' option is highlighted with a red border and a checkmark, and a mouse cursor is pointing at it. Below the options is a 'Download for Windows' button. The footer contains the F-Secure logo, 'Get help' links for 'Chat with an F-Secure expert' and 'Support Center', and a location dropdown set to 'United Kingdom'.

5. You will then be sent an installation message to the device via either email or sms.
